Mrs. A. P. Cox Wins At Fair In China Painting

Mrs. A. P. Cox, Comanche, was one of the high winners in china painting at the Texas State Fair in Dallas.

Entering against a field of strong competition in her division, Mrs. Cox placed first in fruit on chop plate and third place on plate settings.

This is the second consecutive year that Mrs. Cox has placed high in china painting at the State Fair.

Watch Repairman at Swindle's

Bob Owen, recently of Sweetwater, has accepted a position as watch and jewelry repairman at Swindle's Jewelry in Comanche. Owen is a young single man.

Comanche Methodist Lay Service Sunday

by E. Paul Jeanes

Sunday, October 19, will be observed in the Methodist Church as Laymen's Day.

Lay-speakers will bring the message of the morning services throughout the conference.

Lay speaker at First Methodist Church, Comanche, will be Howell Cobb.

Other lay speakers from this church and the charges they will represent are: H. M. O'Brien, Jr., Proctor; Arnes Deeken Jr., Sidney; John Glaston, Beattie; J. E. Lightfoot, Dumas; Ed Burdette, Victor; and P. J. Wood, Morton's Chapel.

Attends State Fair

Miss Nell Rose Webb visited relatives in Dallas last week and attended the Fair.

Here From Brady

Mr. and Mrs. Robert Strickland of Brady visited her father, Elmer Webb, here last week.

CROP PROSPECTS BEST SINCE 1950

Mercer Well Showing Oil

The Humble oil test on the Alton Mercer farm, 8 miles southeast of Comanche, was reported Thursday to have a good showing of oil and gas.

Drilling was stopped in the Ellenburger formation, and a drill core test is now being run.

No details on the drilling operations have yet been released by Humble officials.

Moves Back to Comanche

Mrs. Bob Williams, the former Kate Ripley, whose husband passed away last year, has moved back to Comanche.

COMANCHE COUNTY FARM CITED—D. A. Childre, right, president of Great Southwest Life Insurance Company of Dallas, shows Gov. Price Daniel, that in hand, and W. C. Howard of Quanah, president of the Association of Texas Soil Conservation Districts, the exhibit of 25 photographs of Texas farms and ranches which won awards for soil conservation practices. The exhibit, at the State Fair of Texas, is sponsored by the insurance firm and the soil conservation association. Tom Mazurek, Comanche, was one of the 25 farmers in Texas whose soil conservation practices won top rating in the exhibit, and whose work was given high praise by Governor Daniel. The pictures, including one of the Mazurek farm, in the Fairview community, depict the 25 farms and ranches judged to have done the best work in soil conservation among the 185,000 of the Texas Soil Conservation Districts.

Indians Face DeLeon In District 8-AA Opener

Comanche High School Indians, all even-Stevens in their 6-game non-conference schedule with 3 wins and as many losses, face their most ancient rivals here Friday night when they meet the De Leon High School Bearcats who hold a somewhat similar record.

The Indians defeated Santa Anna 38-0, West 14-8, and San Sabá 14-0, while losing to Cisco 0-39, Kilbuck 10-34, and Coleman 14-22.

De Leon holds victories over Cross Plains and Gorman; while losing to Ranger, Cisco, and Goldthwaite.

All stops will be pulled out with nothing reserved when the two District 8-AA Comanche County teams collide here Friday night to renew their 43-year-old grid rivalry in a game which by many is rated a toss-up.

Comanche had one of its best years in history in 1954 and was undefeated and went on to win the district title before being eliminated in the regional meet at Snyder by Littlefield 34-35; but when they opened district play here against De Leon on October 7 that year in what was expected to be an easy victory, the Bearcats fought the Indians almost to a standstill before losing 12-13.

In the Indian-Bearcat game at De Leon in 1955 an even harder game was played with the final score standing 0-0 just after Comanche scored on a long pass.

only to find that an illegal receiver was downfield, nullifying the score.

In 1956 the Indians came back to beat the Bearcats in Indian Memorial Stadium 39-13.

Last season, however, the Bearcats administered a humiliating defeat upon the Indians, 33-0, and that is the game the Indians will have in mind Friday night when they take the field in a "do or die" contest with the Bearcats.

Rivalry Started Back in 1915

The Comanche-De Leon grid rivalry is a long hard fought one—with the first game between the two Comanche County teams dating back to 1915—a contest the Indians won 35-0.

The Indians won again in '16. But De Leon came back to win 15-14 in 1917 and again in 1918. The 1919 affair was scoreless. Comanche and De Leon have played each year with the exception of 1920, 1922 and 1924.

The series shows 25 wins for Comanche and 13 for De Leon, while three games resulted in a tie score.

Two games were played in 1943.

The 1948 game resulted in a forfeit to the Indians as the Bearcats were behind 0-26 at the half, on a cold, wet night, and decided to call it quits. The Bearcats had only 13 men suited up for the game, and a couple of the boys were injured.

Past Game Scores

1943* - Two games played.

Sidney Faces Gustine In 6-Man Clash

All is set for the annual renewal of the game to decide the Comanche County six-man football championship—as the Gustine Tigers host the Sidney Eagles, Thursday night, Oct. 16. Kick-off is at 7:00 o'clock, and a large turnout is expected.

2 Local Youths In Scottish Rite Hospital

Alta Joyce Amos, 11-year-old daughter of Mr. and Mrs. R. J. Amos, Comanche, was admitted Friday, Oct. 3, to the Scottish Rite Hospital for Crippled Children, 2001 Welborn St., Dallas. Linda G. Dobyns, 13-year-old daughter of Mr. and Mrs. David F. Dobyns of Comanche, was admitted on Friday, Sept. 19.

Texas Scottish Rite Masons founded the hospital thirty-four years ago in an effort to provide a chance at a normal life for the handicapped child. The hospital, which has accepted more than 100,000 children for treatment since 1925, is supported by public contributions and bequests.

An expert staff, plus exceptional physical facilities and dedication to the welfare of the child, make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

The Sidney Eagles, under Coach J. W. Massingale, have annexed three straight district championships—and hold one of the state's best football records for the past several years.

After dropping three of their first four starts this season, the Eagles have been coming along strongly—and have won two consecutive district contests—dumping Mullin and Carbon.

Coach Robert D. Lee says his starters for the Tigers will be: Ronny Stephens, 160, and Jimmy Northcutt, 130, ends; John Banner, 115, center; Billy Belcher, 130, Charles Miller, 150, and Jack Patton, 130, backs.

The Eagle starters will be: Johnny Crimm, 159, and Billy Abbey, 155, ends; Hulan Coker, 155, center; Gayle Graham, 155, Larry Pinkard, 150, and Gary Hall, 175, backs.

A full attendance of those interested is urged, as much business will come before the club, said the secretary.

Want To Have A Ball, You All? Then dig this

Want to have a ball, you all? The Seniors have the day of Saturday, October 25, all planned for you.

Start the day right by eating waffles, syrup, bacon, coffee and orange juice at the home of Pat Cagle, 404 North Elm. Then journey downtown and have your portrait painted in fine style at Charlie Pico's Artist Stand located on the sidewalk in front of Durham's Pharmacy.

For lunch or dinner, why not buy one of our luscious pies, cakes home-made breads, cupcakes, or candies at the Bake Sale which will last all day in front of Hathcocks.

For the climax of the day, see our All Star Girls' Football Team which plays at 7:30 p.m. at the Indian Memorial Stadium.

—Wanda Hagood

Neil Rose Webb Wins Awards At State Fair

Miss Neil Rose Webb, Comanche, won two honors at this year's Texas State Fair. She won a blue ribbon and first place on a handmade wood doll. The doll was carved from aspen wood and is a reproduction of a seventeenth century doll.

She also won third place and a white ribbon in the doll clothes competition.

Dr Nelson To Speak At Board Church

Dr. Clifford Nelson, District 16, of the Texas Baptist Convention, will preach at Board Church at the morning service next Sunday, October 19. The theme of Dr. Nelson's sermon will be "The Rural Church Achievement Program of Texas Baptists."

Reed Harris, pastor and members of Board Baptist Church extend an invitation to all to hear this fine man.

Morning Worship Service begins at 11 a.m. and Sunday School begins at 10 a.m.

Social Security Officer Here Every Two Weeks

Glenn McNatt, Social Security representative, now comes to Comanche once every two weeks instead of every week.

He will be at the County Courthouse on the following Thursdays: October 23; November 6 and 20; December 4 and 18.

ranges from one half bale up to a bale per acre as grown by Grady Hutchins of the Sidney Community.

BIRTHDAY CELEBRATION TO HONOR A. S. HARRIS, 93 HERE ON NOV. 2

A. S. Harris, 92, who resides at the Spivey Rest Home, 305 S. Maple St., Comanche, will be 93 years old on Saturday, November 1, and is planning a celebration to be held at his apartment on Sunday, Nov. 2, from 2 to 5 p.m.

Mr. Harris invites all his Comanche County friends and elsewhere to attend his birthday observation and declares he will be disappointed unless his friends respond. He said no formal invitations will be mailed and asks friends to consider this their personal invitation.

Since Mr. Harris moved back to Comanche a few weeks ago, 239 friends have visited him and registered in his guest book. He asks friends not to forget the celebration, but urges that they

The 1958 Peanut Crop estimate for the Southwest area as released by the Crop Reporting Board, Comanche, was 204,000 tons, a 25 percent increase over an earlier report made by that organization.

During an unusual amount of rain and an early frost, local peanut prospects are the best since 1953 and possibly since 1959 according to farmers and local peanut handlers.

Few months ranchers have been saying that grass was as fine as ever was known in this section and with a good season now in the ground, prospects are good for fine fall and winter grain grazing.

Recent rains over most of the area coupled with fair growing conditions have caused smiles among the producers, some of whom, however, are still keeping their "fingers crossed" on the weather conditions until the harvest is well underway.

The peanut farmers are not wanting any more rain now and need sunshine, while the ranchers say it can never rain too much for them.

Most of the early peanut crop in South Texas has been harvested and a yield of 35 bushels per acre was realized on dry and farming and up to 100 bushels an acre on irrigated crops.

E. L. Gribb, formerly of Comanche and now with the Southwest Peanut Growers Association at Gorman, said in Comanche Monday that he had just returned from the peanut section of Oklahoma and that he had never seen a better peanut crop in that section.

County Agent Angus Dickson and others who have traveled over the County say that the crops are looking fine and are in great contrast to the prospects as observed this time last year on the unirrigated crops.

Some of the farmers with smiles on their faces, in telling about the good prospect at present, remain somewhat cautious, remembering the extremely wet harvest conditions last fall which damaged the crop considerable and prohibited digging altogether in some cases, as for example, Fred Curry of Comanche, busy with his school work, failed to get harvest help at the proper time and lost an estimate of over \$1000 worth of peanuts.

With the bank deposit in Comanche County showing a substantial gain over this time last year, and a record grain crop harvested and sold at a good price last spring, with stock cattle, sheep and goats fat, pastures never better, and the pecan crop above average, things at present are looking bright for Comanche's turkey crop is lighter in this section than usual according to a representative of Farmers Produce Company, but the price is better. Many turkey raisers who took a loss last fall hope to realize a profit this year.

The dairy industry, which has become one of the major factors in bringing in the cash in Comanche County, has settled down to a more permanent basis with most of the people who went into the business as an experiment eliminated.

The dairymen, like the ranchers, are profiting from the good pastures and grazing and are enjoying a good profitable year for the most part. Milk proceeds in the county this year are again expected to exceed \$1,000,000.

A few more men in Comanche County have gone into the chicken business on a big scale and that industry is fast becoming a major factor in the counties cash income.

Although cotton is far short of what it used to be in the County, it still has its part in the local finances. Herman Rauhut, local ginners, says that he has past the 300 bale mark in ginning this season and hopes that he will get 1000 bales before the seasons ends. The yield according to Rauhut

Hill County in the Brazos River bottoms 30 miles upstream from Waco.

The next year the Harris family moved to Comanche County, where Sid Harris has spent all but 13 years of the remainder of his life. Mr. Harris for years was one of the leading citizens and businessman and churchman of Comanche County.

He remained active in community affairs in Comanche until about three years ago when he sold his home and moved to Arizona, to live with his daughter.

Greater United Fund Supports Boy Scouts

The Boy Scouts, one of the foremost organizations for boys in the United States serves thousands of boys all over the world. Any boy, anywhere, can join the Boy Scouts and receive the many benefits of this well known organization. Comanche has many adult leaders in the Comanche Trail Council, Pat Cagle is 2nd vice-president and serves on the Trail Council committee along with Joe Tupin and Gail Dudley.

Oswell Brightman, Gilmore Durham, and Whit Jarratt serve as Scoutmasters for the Boy Scouts, while Bill Parks serves as Cubmaster for the Cub Scouts. Twenty-eight Scouts and 40 Cubs take part in this worthwhile program. The Comanche Jaycees sponsor one troop, while the First Methodist Church sponsors one troop of Scouts and one pack of Cubs. Ordinarily mothers of Cub Scouts serve as Den Mothers in the Cubbing program.

Scouting is a wonderful adventure with experience that a boy will remember for the rest of his days. Each year Camp Billy Gibbons, located about 5 miles from Richland Springs, is open for one week for all the boys in the Comanche area. The cost is very nominal but the valuable experience in the out-of-doors is irreplaceable.

Part of the money set aside for the local Boy Scouts each year from participating in the United Fund drive, is used to maintain a Scout house located in the northwest section of town. This last year the house was re-roofed and labor was donated.

James Hallmark, Comanche, has been ill in the hospital for several days.

Family reports Dr. Hallmark's condition much improved and he is expected to be home in a few days.

Indian Club To See De Leon Comanche Film

Growing interest is being shown in the Indian Club, organized here last month to help boost Comanche High School athletics—and fans attending the Monday night meeting will see films of the Comanche-De Leon football game.

"Everyone is invited and urged to come and attend our weekly meetings (each Monday night during the football season at the High School)" says Indian Club President Pat Cagle, adding that no special effort has been made to get out the crowd, but that officers are pleased with the increased weekly turnouts.

A scouting report, by a member of the Comanche High School coaching staff, on the prospects of the Indians face when they go up against Hamilton next week, will be another highlight of the meeting.

Football fans, parents of football players, members of the team and others interested in Comanche High School athletics are invited and urged to attend next Monday night's meeting. The meeting gets underway promptly at 7 o'clock.

Joins M System Forces

Roland Jones, until recently in charge of the meat department at Henderson's, Comanche, has accepted a position with a market in an M System Store in San Angelo.

Stag Creek Store Still Operating

The Stag Creek store, which was operated for more than 40 years by C. E. LaRoque and his wife before his recent death, is still being kept open by Mrs. LaRoque, who says she plans to sell the business as soon as a suitable buyer is found. Much of the merchandise was recently disposed of in a sale.

Mr. and Mrs. LaRoque always kept a fully stocked of groceries, and a few other articles, and it for years was recognized as one of the leading country stores in this area and was a great asset to the Stag Creek section.

Here From Baytown

Mrs. J. C. Schiller of Baytown is here visiting her parents, Mr. and Mrs. O. O. Brightman.

by Tee Pate for this much needed project.

Water and sewer has been completed in the past two years to the Scout house and right now plans are in the mill to have heating facilities available for this coming winter.

So come 27th of October and drive, be sure and remember just what your money is going for. Give a little more than you can afford and it will make you feel better for helping those who need help. Give the United Way. It is suggested that every working person give "one day's pay".

What is good in some people's eyes is bad in the eyes of another. It all depends upon the point of view.

Once a five-year-old daughter gathered a hand full of wild flowers from a vacant lot, and thinking that they were beautiful, brought them into the house to her mother.

Her mother thrust them aside with a frown, saying, "Those are weeds, Dottie, throw them away."

Flowers are flowers to a child wherever they grow and they are beautiful in their sight until someone tells them they are not. Then they are only weeds because Mama tells them so.

A lot of people depreciate certain flowers just because they are wild. They never see any beauty in a sunflower and think that a lantana is only a trouble-some weed.

Someone has said "Cleanliness is next to godliness," but the former can be carried too far. Show me a home that does not have a single bit of good honest dirt at the end of the day, and we will venture that some of the most important comforts of solid living are absent. Where there are children who like to stay at home and play, there is bound to be some cookie scraps or apple peelings lying around on the floor at times.

With the rains coming more frequently this year, than for several years back, there are perhaps more pretty yards in Comanche than for some years. Yet, we cannot truthfully say that there are too many prize-winning yards in Comanche.

N. N. Durham probably has one of the prettiest. He devotes much of his spare time in labor and planning its artistic beauty. He in addition probably has the largest private greenhouse in town. His yard is a pretty thing to see and a pleasant place to relax.

Just what is a pretty yard may be a matter of opinion. Must it be laid off just according to Hoyle with every walk following an approved design and on the square? Should it have just a little touch of wildness, if size permits.

Personally we like just a little touch of the wildness that will draw the bees, the humming birds, the red birds, the mocking birds, and even the bob whites and the doves.

Wild animals, too, have added to the attractiveness of some of the yards in the remote parts of town, including some run-away pet squirrels, some half-dozen cotton tail rabbits, an armadillo or two, and maybe a couple of opossums.

Then, too, there have been several varieties of little ground animals variously described as ground squirrels, gophers, ground hogs, and some of them even have looked almost like the extinct prairie dogs.

Of course, there are some of the undesirable members of the rodent family, generally known as rats and mice, around about the premises; but these have about disappeared due to widespread use of poison and a small army of dogs and cats which invade the premises at night, leaving their dead victims scattered over the yard.

All in all, it requires a lot of hard work and time to keep a half-way decent yard, but it is a lot of fun, too, if you have the time and energy to spare.

That strange new purple-headed grass that has invaded this whole section of Comanche County, has added to the problem of the yard keeper.

Where this strange grass came from and how long it will stay here, nobody seems to know. It is perhaps better than no grass at all in the yards and may even prove to be a big blessing in disguise, if it turns out to be a worthwhile grass for stock grazing.

Most of us, we think, will agree with the poet who said: "If I saw just the good in you And you saw just the good in me Perhaps within a day or two We would find a remedy For all distrusts and suspicions too And we would quite friendly be I saw just the good in you And you only the good in me"

One of the most often repeated commands in the Bible is often violated by otherwise good

people, who perhaps do not realize that they are doing so.

The Bible has no less than 20 commandments against speaking evil of another.

James says, "The tongue can no man tame; it is an unruly evil, full of deadly poison."

Titus: "Speak evil of no man."

Paul: "Let all bitterness and evil speaking be put away from you with all malice."

Luke: "Do violence to no man, neither accuse him falsely."

Solomon: "An hypocrite with his mouth, destroyeth his neighbor."

Other verses in the Bible which caution people against talking about other people include the following:

"Thou shalt not raise a false report; put not thine hand with the wicked to be an unrighteous witness."

"Lord, who shall abide in my tabernacle? He that backbiteth not with his tongue, nor doeth evil to his neighbor, nor taketh up a reproach against his neighbor."

"Hide me from the secret counsel of the wicked; from the insurrection of the workers of iniquity; wh owhet their tongue with a sword, and bend their bows to shoot their arrows, even bitter words."

"Whoso privily slandereth his neighbour, him will I cut off."

"Deliver my soul, O Lord, from lying lips, and from a deceitful tongue."

"He that hideth hatred with lying lips, and he that uttereth a slander is a fool."

"There is that speaketh like the piercing of a sword; but the tongue of the wise is health."

"A true witness delivereth souls, but a deceitful witness speaketh lies."

"A forward man soweth strife; and a whisperer separateth friends."

"A wicked doer giveth heed to false lips; and a liar giveth ear to a naughty tongue."

"He that covereth a transgression seeketh love, but he that repeateth a matter separateth friends."

"The words of a talebearer are as wounds, and they go down into the innermost parts of the belly."

"The north wind driveth away the rain; so doth an angry countenance, a backbiting tongue."

"A lying tongue hateth those that are afflicted by it; and a

flattering mouth worketh ruin."

"Surely the serpent will bite without enchantment; and a bab-bler is no better."

"Curse not the king, not in

thy thoughts; and curse not the rich in the bedchambers; for a bird of the air will carry the voice, and that which hath wings shall tell the matter."

"Blessed are ye when man shall

revile you, and persecute you, and say all manner of evil against you falsely, for my sake."

"The tongue can no man tame; it is an unruly evil, full of dead-ly poison."

Higginbotham's

tion to Comanche, the seat there are 23 other towns and villages, including Leon, Gustine, Slip, Proctor, Sidney, Lumburg, Democrat, Whitney, Gas, Energy, Thetford, Duster, Shrum, Hassel, Bibb, Soda Springs, Mountain, and Hazedell. This is the second town in importance, having a population of 1,500 and doing a business. Most of the town is located on a single ranch runs north and south and there are many hand-craft and stone buildings. The Elginbortham Company, the Ham Company, and the Whaley Company are the department stores. They handle practically everything needed by man or beast of these big stores. Each of these big stores has 10-foot fronts with large warehouses. Each of these firms do a business, appearing as large as any firm in the county seat.

The National Bank of Ben J. Pittman, cashiers, Farmers and Merchants Bank, O. E. Cashier, are as strong concerns as there are in the county, and occupy the best of models of convenience. The department of the two institutions amount to \$150,000.

Of these firms, De Leon

The De Leon also boasts of one of the most commodious opera houses and public halls in the West. It is a fine building 56x100 feet, the first floor being occupied by the Wilson-Whaley Company as a warehouse room for the storage of implements and their surplus stock.

The Pittman Hotel is one of the best hotels on the Central Railroad and is the drummer's favorite. It is a magnificent building containing 31 large rooms, an elegant parlor, and a billiard room which cannot be surpassed. Ben Pittman and wife, who own the property, have a suite of rooms on the first floor and the hotel is conducted in a model way under Mrs. Pittman's supervision.

The De Leon Public School building is a handsome brick, the best school house in Comanche County and is splendidly furnished. Over 300 pupils receive instruction at the hands of Superintendent

The sandy land is of a mellow nature and takes up moisture and resists drought beyond comparison. Almost everything known to Texas climate is raised here, corn, cotton, wheat, oats, rye and all kinds of fruits and vegetables. Wheat yields from 15 bushels to 40 per acre; oats 50 to 100 bushels per acre, and barley and rye from 20 to 40 bushels.

For special courtesies in obtaining this accurate information about De Leon for a write-up in The Comanche Chief's big Special Edition, we are indebted to

by Vern Sanford
Texas Press Association

AUSTIN—More dust is being stirred up over issues than over candidates, in the build-up to the General Election, No. 4.

Texas will vote on nine proposed amendments to the Constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guessimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expenses of office" could open the door to "fat-cattling" with public funds. Sen. Dorsey Hardeman of San Angelo is the recog-

nized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials of the county and precinct. Present arrangement covers only appointive officials and employees of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term—or less—and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against district, county and precinct officials since other officials—U.S. senators, state senators, railroad commissioners and others with more than two-year terms—can run for another office in mid-term.

5. Would allow Home Rule to appropriate money to pay for

cities to extend terms of their elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for

medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

Rough Road Ahead
Latest reports by the State Tax Study Commission list several possible new tax sources the Legislature could turn to for additional revenue.

They include (1) new selective sales taxes, (2) a general retail sales tax, (3) a personal income tax, (4) a "value-added" tax levied on difference between selling price and cost to seller, (5) a gross income and receipts tax on business and (6) a corporation net income tax.

GRANDSONS ARE BORN TO THE GAGE T. NELSONS

A boy, weighing 8 pounds and 5 ounces, was born to Mr. and Mrs. Dan A. Nelson on Sept. 19 at Harris Hospital in Fort Worth. The baby was named Daniel Tillman. Danny has an older brother, Gary Dale. Their address is 1211 Lipscomb, Fort Worth.

A son was born to Mr. and Mrs. Gayle T. Nelson at Harris Hospital on Oct. 3rd. The young man weighed 8 pounds and 15 ounces. He has been named Gregory Thomas. Their address is 2311 Donalee, Fort Worth.

Paternal grandparents of the babies are Mr. and Mrs. Gage T. Nelson of Stephenville, formerly of Comanche. Paternal great-grandparents are Mr. and Mrs. G. T. Nelson of Comanche.

Here From Amherst

Mr. and Mrs. Aubrey Jones of Amherst were week-end visitors here in the home of his parents, Mr. and Mrs. J. A. Jones. The Jones families also visited Mrs. Jones' brothers, Bill and Garrett Parker at Muldoon. Garrett Parker is reported very ill.

Without Napping Backache
Napping backache, headache, aches and pains may come on with fatigue, emotional upsets or day to day strain. And folks who get up and go to bed, sometimes suffer from mild bladder trouble. If you are miserable and want relief, try this pain relieving action, by their effect to ease bladder irritation, their mild diuretic action through the kidneys, increasing the output of kidney tubes. So if nagging backache makes you drag-out, miserable, with no sleep, drag-out, miserable, with no sleep, drag-out, miserable, with no sleep, get the same happy relief millions have found for over 60 years. Get Doan's.

DOAN'S PILL
Ad No. 118-41, 1958

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

These Fords you've got to try! For left is the new Thunderbird... center, the new Custom 300 Tudor Sedan... and above, the 9-passenger Country Sedan.

The elegant new Fairlane 500 Town Victoria

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended... new Tyrex cord tires for greater economy and safety... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts. NEW economy team Number Two! Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-geared axle.

Altogether NEW in everything you can see, feel or touch!

59 FORDS

Come in and get that NEW FORD FEELING in the cars with Thunderbird elegance

a keeper, Sims swept right end for the extra points.

Continued fumbles proved costly to the Indians—as the locals lost the ball six times to San Saba during the night—twice inside their own ten yard marker. San Saba, after taking over on a mishandled pitch-out on the Indian ten yard marker, scored two plays later with the Armadillo fullback hitting left tackle for the tally. His crash into the middle was good for the two-pointer—and the Indians led by only 6.

Comanche's heavier forward wall contained San Saba's running attack throughout the contest. Delbert Brewster, at a defensive table post, along with Harold Parrish, who also manned a tackle slot on defense, led the Indians line play.

Comanche's linebackers—Gleaton, in the middle, flanked by Henry and Evans, were outstanding.

Gleaton, the 180-pound Indian fullback, was the game's leading ground gainer—picking up 113 yards on the ground. Henry was

headlamps to taillights they Sparkles in New Styling

A single cannot show the complete styling changes which were made in the 1959 Chevrolet. Lowered headlamps, set the freshly styled grille, and functional air intakes accent the front view of the Impala convertible (below). The original is the bold sculptured treatment given the front and trunk deck of the Impala sport sedan (above).

ESA Sorority Holds Meeting

Members of Epsilon Sigma Alpha sorority entertained their husbands with a picnic supper Saturday, Sept. 27, at the home of Mr. and Mrs. Richard Armstrong.

Comanche stew, coffee, and dessert were served to thirteen couples under a "Harvest Moon." Hostesses for the evening were Mrs. Travis Henry and Mrs. Armstrong.

Bingo, with hilarious joke prizes, was played following the supper.

Those attending were Mr. and Mrs. E. J. McDougal, Kyle Barrett, Leel Dene Cox, Jim Ellis, Jerry Gamblin, Jack Gore, Ikey Pipes, Duane Prater, T. G. Frick, Bill Dudley, Joe Waring, Travis Henry and Dick Armstrong.

and several kinds of cookies. Each and every person present greatly enjoyed the meeting, games, and delicious refreshments.

ing discussion about the Area Leadership Training Conference. The conference was held at Tangleton State College, Stephenville in June. The girls who gave the discussion were those who attended the conference. Those attending were: Barbara Nell Harris, chapter president; May Evelyn Howell, chapter parliamentarian; and Patsy Fisher, Area public relations officer.

Interest ran high in our annual Hobo Day and Hobo Queen Contest. The girls met in Gustine, on Saturday, October 11, at 8:30 a.m., then divided into groups and went through town singing for those who would hire. The people we worked for were asked to give us the amount of money they cared to for our work. Each girl took a sack lunch and at noon we met at the park together and ate our lunches. Candidates for Hobo Queen are: Jeanette Lancaster, Janie Patton, and Patsy Fisher.

We also elected our F.H.A. Beau for 1958-59. The lucky boy is Jackie Patton. John Banner, Mack Morgan, Billy Belsher, and Ronnie Stephens were also nominated for the honor.

After business, Sylvia Stephens and Nancy Page, of the game committee directed games, while the refreshment committee prepared refreshments. For refreshments we had coffee or punch.

Sidney 4-H News

Terry Pyburn, Reporter
The Sidney 4-H Club met on Wednesday night, Oct. 2, to talk over the Rodent Control Program and projects for the coming year. President Kay May then showed the members the routes they were to go on the Rodent Control Program.

Afterwards the president told the members about the projects that were available and asked the members which project they would like to take.

J. A. Cox of Sidney discussed with the club the possibilities of the commercial lamb and show lamb program.

Mrs. J. A. Cox talked to the club about the various home-making projects.

Hershel James explained the electrical program.

Here From Baylor
Miss Lu Ellen Durham, student in Baylor University, Waco, accompanied by two classmates, Liz Gardner of Pearsall and Carolyn Burton of Henderson, were in Comanche over the week-end to visit her parents, Mr. and Mrs. L. C. Durham.

Stag Creek Club Plans Supper

by Club Reporter
In a recent business meeting the Stag Creek Community Club made plans to honor the young people with a weiner roast. The supper will take place at the Ballroom Pit on the club social night, Oct. 29th.

Later the young people will play games on the lawn and the older people will make it game night and play dominos in the Club House.

Bring your buns, saucers, and condiments and join in the fun.

CARD OF THANKS

We wish to take this method of thanking our many friends and neighbors for every act of kindness shown to us, in the short stay we were in the hospital, also Drs. Blackwood and Miss, the wonderful nurses and cooks. We also wish to thank our friends for the beautiful cards and flowers, and other expressions of kindness shown us, which we will always remember—Mr. and Mrs. Macon Haynie, 415 W. De La Guerra St., Santa Barbara, Calif.

Local Garden Club Women At State Fair

Four Comanche women this week attended the State Garden Club Day at the Texas State Fair in Dallas.

They were Mesdames A. P. Cox, Tom Dudley, John Barton and Walter Durham.

The ladies reported a very enjoyable and profitable day.

Attend Wedding in El Paso

What America wants, America gets in a Chevy!

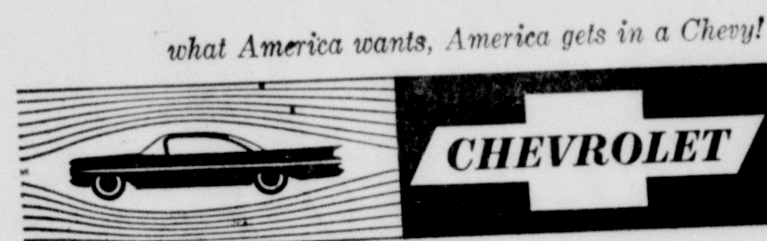

a WHALE of a BUY...
CALVITA
CALF FORMULA
CALVITA goes farther... does more to build bigger, healthier calves fast. Just one 25-lb. bag makes 420 lbs. formula. High vitamin and autoclaved content prevents scours and colic... gives the start your calves need to increase the production level of your herd. You pocket the profit. Get your supply today.

Now... all America sees the one that's truly new!

Like all '59 Chevis, the Impala Sport Sedan has Safety Plate Glass all around.

'59 CHEVROLET

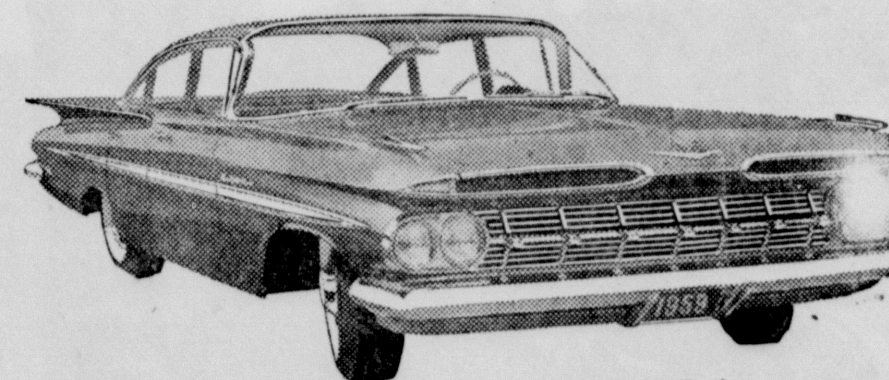

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. Chevrolet says new like nobody else with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too. When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling

easier. New suspension engineering gives you a more stable ride. There's a new Hi-Thrift 6 that goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. Impressive new Impala models. Wonderful new wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

The Bel Air 4-Door Sedan shows Chevy's new Slimline design.

ALL NEW ALL OVER AGAIN!

The vocational agricultural boys of Proctor High School under the direction of their instructor, W. J. Brush, have completed their projects. The 26 boys made a net profit of \$3,292.11 on their projects. Eight boys selected beef cattle and made an average of \$55 each on their calves. Eleven boys selected cotton and made an average profit of \$28 per acre. A total profit of \$692.38 was made on 67 acres of peanuts.

"I have been reading The Comanche Chief for 51 years and do not want to miss a single copy," writes J. D. Lassiter of Oceanside, California.

The Baptists throughout Texas will join in a religious celebration March 2, celebrating the birthday of Sam Houston. Houston joined the Baptist Church in 1847 at Independence, Texas, and was baptized in the creek at that place by Dr. Rufus C. Burleson, founder of Baylor University, first located at Independence.

A group of Comanche High School boys under the direction of their vocational agriculture teacher, W. Z. Compton, enjoyed a winter rest Friday night at the San Banks in the O. B. Phillips pasture.

Misses Bernice and Freda Smith of Gustine honored Mrs. S. C. Lynch with a shower and party Friday night.

Ruddy Harrison has returned to school at Gustine after a long period of absence with a broken leg which he received in the Comanche-Gustine football game.

Miss Naomi Underwood of Beattie entertained the young people with a farewell party for Miss Myrl Stephenson, who is moving to Stephenville.

Jeff Moran, prominent Sipe Springs farmer, was found dead in his pasture recently. He had gone to the pasture to haul a load of wood and died with a heart attack. He was not missed until his team, still hitched to the wagon, came home without him.

Roger Williams, dead for 300 years, will be honored by the Lions Club of the United States this year for his effort in helping establish religious freedom in the United States. Williams, generally credited with founding Rhode Island and the first Baptist Church in America, was banished from Massachusetts when the court held that his views on the rights of the citizens to worship God as they saw fit was held unconstitutional. Williams urged a separation of the church and state and his views are generally accepted in America today.

Rev. George G. Smith, pastor, will preach at the Bibb Methodist Church Sunday, and every member is urged to be present.

The University of Texas is now the richest State University in the world due largely to oil discovered on its land in West Texas.

L. G. Holland and family have

moved from Comyn to the Roch community.

There will be a pie supper at Beattie School Friday night. The public is cordially invited.

It was with a great joy that Rev. William J. Hazel received Mrs. McMillian into the fellowship of the Presbyterian Church Sunday, Mrs. McMillian had been a worker in the church for some time and she will be even a greater help now as she has become a member.

Mrs. Alice West, Guardian, urges a full attendance of the Comanche W.O.W. Circle members Friday night.

J. M. Hill of Sipe Springs, formerly in charge of the County Relief work here, is now County N.Y.A. Supervisor.

J. B. Cooper has been unanimously re-elected head of the Sidney School and vocational agriculture teacher. He has served for eight years as superintendent of the 8-teacher school, which this year was raised to the grade of a First Class School by the State Department of Education.

H. M. Vineyard of Comanche has been named as one of the 19 investigators for the Old Age Pension Administration of this district.

Miss Annie Louise Coleman of Comanche became a theatre proprietor this week when she closed a deal for the purchase of the Melba Theatre at Goldthwaite.

By defeating Gustine 48 to 35 at Dublin Tuesday night, the Lamkin High School boys basketball team won the county title and the right to play in the district tourney at Brownwood. Gustine eliminated Comanche last week in the Daniel Baker Gym in a thrilling 22-21 game. Comanche previously had beaten De Leon in two games.

Eighteen women are now working in the Government PWA Sewing Room at Comanche under the direction of Miss Ethel Wilson. The room is equipped with 12 sewing machines.

The Gustine Mercantile Company will open a store-wide sale

Monday morning at eight o'clock according to Ed Palmer, manager.

A contract was signed Monday with the State Highway Department and the City of Comanche for the City to furnish the water needed to complete Highway No. 10 West from Comanche to the Brown County line.

Mrs. Inez Palmer was named as honor guest and was remembered with a surprise handkerchief shower Thursday evening when Miss Inez Sullivan and Mrs. John Reese entertained the Thursday Night Club with three tables of bridge and a supper.

Mrs. J. D. Bramlette will be the principal speaker next Wednesday afternoon when the West Ward PTA meets at 3 o'clock. A program will be given by the pupils of Miss Bettis's

room.

Here From Fort Worth
Mr. and Mrs. J. O. Wetzel of Fort Worth were in Comanche over the week-end visiting her mother, Mrs. A. B. Masters and other relatives and friends.

Visitors in Abilene
Mr. and Mrs. William were in Abilene Sunday, her brother-in-law and Mr. and Mrs. Paul Rader.

Here From Stephenville
Band Director and Mrs. Alwood and children of Stephenville were Comanche visitors.

Shown in a picturesque Brussels World's Fair setting is a 1959 Ford Sunliner convertible. Ford offers two convertibles in 1959: the soft-top Sunliner and the retractable hardtop Skyliner. Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. In the background is the Atomium, prominent landmark at the Brussels World's Fair.

smallpox and yellow fever cut down whole populations and left in their wake death, misery, and economic burdens of protracted illness.

We are sometimes prone to complain at the seemingly high cost of these drugs, but we must remember that hundreds of research chemists worked for years without much financial reward in their discovery. Then, too, these drugs are cheap compared to the life and time they save.

Modern pharmacists are found in a variety of occupations in the research laboratories of industry, colleges, government, and the independent pharmacies of the nation.

They are also a part of a two billion dollar manufacturing industry; and a distribution system of even greater magnitude, which brings life-saving drugs to our doors.

These drugs plus the many substances the pharmacist compounds and dispenses, saves many times their value in working days which the American public would lose due to illness.

Comanche today is noted for its fine up-to-date drug stores and its well qualified pharmacists. These would do credit to

towns many times the size of Comanche, and almost always draw favorable comment from visitors.

Comanche is indebted to the pioneer pharmacists who led the way when financial rewards were small, such as, the late Uncle Billy Carroll, Dr. Hamilton, Paris Smith, William Reese, and others.

De Leon has two fine drug stores. These and those in Comanche are now the only drug stores in Comanche County. In years gone by there were more than a dozen located in the county including four at Comanche and three in De Leon, two in Gustine, and at least one in such towns as Sipe Springs, Proctor, Lamkin, Hasse, Bibb, Newburg, Democrat, Whitville, Gap, Duster and possibly one at Comyn.

State Selective Service Headquarters says that there is some misunderstanding among the youths about what age they should register for military service.

The law still requires that a boy should register on his 18th birthday or within 5 days thereafter.

If a young man joins the reg-

ular military service for full-time before he is 18, he does not have to register when he is 18 if he is still in service. But when he is discharged, the law requires he should go to his draft board and register within 30 days. This law at present, however, does not obligate him for further service.

Howard Payne College is now offering a course over TV for which college credit is allowed.

The Brownwood college is one of the selected colleges of the nation which is cooperating with the American Association of Colleges for Teachers Education and the National Broadcasting Company, in offering a course on atomic age physics.

The course, designated primarily for high school teachers, is televised from 6:30 until 7 each morning, Monday through Friday, over NBC-TV stations.

The course is open to any person with at least 60 semester hours of college work. Tuition fee for the course, which will count towards a degree, is \$48 per semester.

The course is being taught by Dr. Fred Inman, chairman of the Physics Department and Dr. Leonard Daniel, chairman of the

Division of Science

Applications must be completed and returned to Dr. Inman before November 1, to receive credit in the course.

Foreign Minister Charles Habib Malik of Lebanon was elected in September as President of the General Assembly of the United Nations. He is the first Arab ever to hold that office.

His opponent was Mohammed Ahmed Mahgoub, Foreign Minister of Sudan.

Malik, Western educated and a member of the Greek Orthodox Christian Church, is a firm friend of the West and drew most of his support from the Western Nations in winning 45 to 31.

Church colleges and universities in Texas are older than the State educational institutions.

The first college of higher education in Texas to be established with any state-wide note, was Rutgersville University which was founded by the Methodist Church at Rutgersville, Fayette County, and chartered by the Republic of Texas in 1840. It was later moved to Chapel Hill in Washington County and called Soule University and was the predecessor of Southwestern University established at Georgetown in 1873.

Baylor University was established by the Baptist Church at Independence, Texas, in 1845. It consisted of two separate colleges, Baylor Female College and the main university located three miles from each other across town.

The main university, later was moved to Waco and consolidated with The Waco University under the name of Baylor. The female college was moved to Belton and became Baylor Woman's College, now Mary Hardin-Baylor College.

The first State college was A&M College, established at College Station in 1876, three years before Sam Houston Normal Institute opened at Huntsville in 1879.

The University of Texas provided for by an act of the Congress of the Republic of Texas, did not open until 1883.

CARD OF THANKS

I take this method to again say "Thanks" to Dr. W. D. Blackwood, Dr. Mims and all the efficient staff of nurses and help in the Blackwood-Mims Hospital. The care and attention you gave to me was excellent. Thanks to my many friends for flowers, letters, gifts and cards, for calls and food, since coming home. May God, the Giver of all good gifts reward you bountifully as only He can.—Mrs. H. D. Lane and family.

See TCU Defeat Texas Tech

Mr. and Mrs. N. N. Durham were business visitors in Fort Worth Saturday and visited her brother-in-law and sister, Mr. and Mrs. Aubrey Findley and at night attended the TCU-Texas Tech game which was won by TCU, 26-0.

Here From Stephenville

Stephenville School Superintendent and Mrs. J. C. Helm, Jr. and children were here Sunday to visit his parents, Mr. and Mrs. J. C. Helm Sr.

Hilliards Move to Pecos

Mr. and Mrs. William Hilliard, formerly of Comanche and more recently of Abilene, have moved from the latter city to Pecos.

Just How Much Would Your Insurance Replace?

In the last decade building costs have almost doubled. Fire insurance that has not kept step with inflation could inflict a terrible hardship on you and your family.

Braves Win Fifth Straight; Wallop Stephenville 44-0

The Comanche Braves, B team of the Indians, won their fourth straight game of the season—to remain undefeated—as they overpowered the Stephenville "B" Jackets 44-0 last Thursday night in Stephenville.

Let by Quarterback Richard Brooks, who scored three times—Coach Ben Jackson's locals had an easy time of it, in properly handling the AAA Jacket "B" teamers.

Comanche had piled up a 22-0 count at half-time, and matched this with three touchdowns in the final two periods.

Brooks looked good on his rollouts, scoring three times, and Harold Perkins had the longest scoring dash of the night, when he went 83 yards.

Hofstetter had the final two counters for the Comancheans—taking a pass from Quarterback Brooks for one ball, and rathering in a Stephenville pass for the

other. Comanche's line play was good—and held the Jackets through-out the contest. Leading the defensive units, was Phil Mercer, Elton Swindle, and Roger Johnston.

The Braves will be seeking their fifth straight win of the '58 season here Thursday night, when they clash with the Hamilton High School B-teamers—and on Thursday night, October 23, will host the Rising Star "A" team, the Wildcats.

Doe Wyche in Hospital
Doe Wyche of Angleton, formerly of Comanche, is in a Houston hospital suffering from hardening of the arteries, according to his brother, W. J. Wyche of Gustine.

"He who can take advice is sometimes superior to him who can give it," Von Knebel.

CONVEYING THE IMPRESSION of eager action is the 1959 Pontiac Catalina sport coupe. Reflecting ultra-modern design from every angle, it is destined to win wide popularity in the lower-priced, high-volume Catalina series. A wheel track nearly five inches wider for handling ease and safety, a new high-performance Tempest 420-V-8 engine, new, heavier true-contour brakes and a completely redesigned chassis frame are among Pontiac's 65 brand new features.

REA Holds Annual Director-Employee Party Saturday Night

The Comanche County Electric Co-Operative held their annual Employee-Directors party Saturday, October 11 at the local REA building.

Approximately 60 persons attended this annual affair which is held to help the director and employees get better acquainted.

After a cover dish dinner was served, games were played. Featured entertainment of the night was the Hula Hoop contest for the youngster. "I thought some of these kids would whirl all night," said Bill Parks, local Co-Op manager, who adds that everyone seemed to have a very good time.

BENCH SHOW, OCT. 25

The recently organized Mills County Fox Hunters Association will hold a barbecue and bench show Saturday, October 25, at the City Park in Goldthwaite.

The barbecue lunch is scheduled for the noon hour. The bench show will be held at 2 p.m. Hound fanciers and the general public, are invited to attend the October 25 event in Goldthwaite.

first he was chief of police at Big Lake and later became an officer for the Big Lake Oil Company.

Attend Jackson Funeral
Among those in Comanche last Sunday to attend the funeral of Volley L. Jackson, were: Mr. and Mrs. H. R. Lacy and children of Austin, Mr. and Mrs. James R. Lacy and children of Breckenridge, Mr. and Mrs. A. R. Oglesby and children, Donald Lacy and Ann Murray of Abilene, Mr. and Mrs. W. D. Lacy of Wichita Falls, Mr. and Mrs. John Boynton of Fort Worth, Mr. Bert White and Mr. and Mrs. S. E. Lacy, Mrs. J. R. Lacy, Mr. and Mrs. Ansel Arnold and Mrs. J. L. Arnold of Blanket.

After returning to Comanche from Big Lake, Mr. Jackson continued to work as a relief and special officer until his retirement after the death of his wife.

Death Claims Volley Jackson

Volley L. Jackson, 82, Brownwood resident for the past year, and for more than 60 years a resident of Comanche and Comanche County, died in a Brownwood hospital, Friday, Oct. 10, from injuries received a week earlier in an automobile accident in Brownwood.

Funeral services for Mr. Jackson were held Sunday afternoon in the First Baptist Church, Comanche, with the pastor, Rev. Henry M. Chambers in charge, assisted by Rev. Basden, pastor of the First Baptist Church of Brownwood.

Interment was in the Oakwood Cemetery, Comanche, under the auspices of the local Masonic Lodge.

Palbearers were Mr. Jackson's nephews: W. D. Lacy of Wichita Falls, H. R. Lacy of Austin, Weldon Lacy of Olney, James Lacy of Breckenridge, Sgt. Donald Lacy of Abilene, Elton Dudley and Gregor Wiesendanger of Comanche.

Arrangements were by Comanche Funeral Home.

Mr. Jackson was born October 7, 1876 in Douglas County, Georgia. He was the son of the late Robert Allen and Permelia Watkins, Jacksons, members of pioneer families of Georgia who were among leaders in develop-

ing that section.

Mr. Jackson came with his parents to Texas in 1884, settling on a Comanche County stock farm near Sidney where he attended school and grew to manhood, before moving to Comanche.

Mr. Jackson was married December 22, 1909 to Elizabeth Jane Lacy and they were companions until her death February 15, 1953 in Comanche. They were the parents of two children, Robert Lacy Jackson of Carlsbad, New Mexico; and a son, V. L. Jackson, Jr., who died at birth in 1922.

Mr. Jackson was the last of his father's family to pass away. His only immediate survivors are his widow's relatives and his son and daughter-in-law and their twin 8-year-old children, Ross Taylor Jackson and Roberta Jane Jackson, all of Carlsbad, N. M.

After moving to Comanche, Mr. Jackson was active in the affairs of the city and county. He first served as deputy sheriff and then was elected sheriff and served four years from 1908 to 1912. He later was elected city marshal of Comanche and served for about ten years during the 30's and 40's. He was converted early in life and joined the Baptist Church. For a number of years he served as Worthy Patron of the Order of Easter Star, Comanche.

After his tenure as city marshal here, Mr. Jackson moved to Big Lake where he was a peace officer for about ten years before returning to Comanche. At
